- ✓ power supply: 3V (CR2450 battery)
- ✓ dimensions (height x length x thickness): 104 x 74 x 28 mm

2

number of channels

30

radio range (m)

Control access by your own rules. Wall-mounted wireless transmitter with a code keypad creates more possibilities in access management. It allows you to control one or two drives in the RTS technology after entering the code, so access for unauthorized persons is limited.
