1-2

Guiding Rails

Naturo 76 HST is a system of wooden sliding doors. A technologically advanced solution that provides one of the best thermal parameters. The system is available in several colors, which makes it easy to match the appearance of the exterior and interior style.

The colour palette presented on the Eko-Okna's website is for illustrative purposes only and cannot be a clear reference to the actual colours or wood grain. As the most reliable source of colours, we recommend the sample provided by our partner, Teknos.
